

Energy e-Valuation

Conservation kit giveaway continues through March 2010!

TVA has extended through March 31st 2010, its conservation kit giveaway to Alcoa Electric customers who complete and return an **energy right** Home e-Valuation audit. It only takes about 20 minutes to complete the survey then use the pre-addressed mailer to send the survey back to TVA.

Participants will receive a personalized, easy-to-read energy analysis illustrating their home's overall energy use and cost. The analysis will include easy home improvements that can reduce your monthly energy bills. Customers will also receive a FREE Energy Efficiency Kit while supplies last. This kit includes: two compact fluorescent light bulbs, a filter whistle for air returns, outlet and light switch gaskets, water saving faucet aerators, a water temperature card, and an energy-use thermometer gauge.

You can request a mail-in audit from Amy Fields, Marketing Representative with Alcoa Electric, by simply calling (865)380-4700 or via the internet at afields@cityofalcoa-tn.gov. To fill out an on-line version go directly to www.energyright.com.
